### **Notice to New Applicants**

**In accordance with [A.R.S. §41-1030](#)  
Effective July 3, 2015**

- An agency shall not base a licensing decision in whole or in part on a licensing requirement or condition that is not specifically authorized by statute, rule or state tribal gaming compact. A general grant of authority in statute does not constitute a basis for imposing a licensing requirement or condition unless a rule is made pursuant to that general grant of authority that specifically authorizes the requirement or condition.
- This statute may be enforced in a private civil action and relief may be awarded against the state. The court may award reasonable attorney fees, damages and all fees associated with the license application to a party that prevails in an action against the state for a violation of this section.
- A state employee may not intentionally or knowingly violate this statute. A violation of this statute is cause for disciplinary action or dismissal pursuant to the agency's adopted personnel policy.
- This statute does not abrogate the immunity provided by [A.R.S. §12-820.01](#) or [A.R.S. §12-820.02](#).
